

VFC Services Available at Carson Tahoe Dayton Medical Center

Carson Tahoe Dayton Medical Center is excited to announce we are expanding our services to our community by participating in The Vaccines for Children (VFC) program. VFC improves vaccine availability by providing vaccines at no cost to VFC-eligible children. This program is for patients who have Medicaid or self-pay.

Who is eligible?

Children who are 18 years and under must meet at least one of the following criteria:

- Are Medicaid-eligible
- Uninsured
- American Indian or Alaska Native
- Underinsured

Getting children vaccinated is taking a step forward to keeping them healthy and preventing the spread of contagious and dangerous diseases.

For more information or to schedule an appointment, call (775) 445 - 7630.
