

Prominence Health Choice (PPO)
Emergency Care Locations – Northern Nevada

A medical emergency is the sudden, serious and unexpected onset of an acute illness or accident that is: (1) an immediate life or death condition; or (2) an illness, injury or severe pain that requires immediate medical attention, without which the person would be exposed to significant risk of serious illness, disability or death. Seek emergency services if you believe that the absence of immediate medical attention could result in:

- serious jeopardy to the health of the insured;
- serious jeopardy to the health of an unborn child;
- serious impairment of a bodily function; or
- serious dysfunction of any bodily organ or part

Bleeding, chest pain, poisonings, loss of consciousness or shortness of breath are examples of “medical emergencies.” If you find yourself in an emergency situation, immediately call 911 or go to the nearest emergency room. Prominence Health Plan members can obtain needed emergency care services to screen and stabilize without prior authorization.

For covered services provided by any out-of-network facility-based physician group at any in-network facility services like Emergency Room, Anesthesiology, Pathology and Radiology, Prominence Health Plan will consider the out-of-network facility-based physician group providing the covered service as in-network.

Prominence Health Choice (PPO)
Urgent Care Locations – Northern Nevada

Urgent care centers are available for unforeseen injury or illness and when prompt care is needed to prevent serious deterioration of a member’s health. If your primary care practitioner (PCP) is unavailable or it is after hours, use the urgent care clinics.

Lacerations, colds, flu, and earaches are examples of when to seek services at an urgent care center. Please be aware that some locations close for lunch and on holidays. [*Please call to confirm hours.](#)
